

SUPERIOR NORTH CATHOLIC District School Board

PERFORMANCE APPRAISAL OF EXPERIENCED TEACHERS

This Performance Appraisal administrative regulation applies to experienced teachers who are members of the teachers' bargaining unit as well as teachers on Letters of Permission. *Experienced teachers* are defined as teachers with previous experience in permanent teaching positions in the province of Ontario and teachers who have completed the New Teacher Induction Program. In this policy all references to "teachers" refer to experienced teachers.

Experienced teachers continuously employed by the Board will be placed on a five-year cycle for evaluation. Experienced teachers new to the board must have at least one performance appraisal during the first year of employment with the board. For a teacher seconded to the Board, the teacher's scheduled evaluation year remains the same.

The principal may conduct additional appraisals at the request of the teacher or if the principal considers it advisable to do so in light of circumstances related to the teacher's performance. The principal may, at any time, observe teachers' practice, meet with teachers to discuss performance, request samples of teachers' work, provide feedback to teachers, or support teacher growth and development.

The following will not be counted in the five-year cycle for evaluation:

A school year in which the teacher does not teach at any time for the Board.

A school year in which the teacher is on an extended leave approved by the Board.

A year when the teacher is on a secondment to a non-teaching position or a position outside the Ontario public educational system.

The principal shall conduct teacher performance appraisals. Where a principal is unable to do so, a Supervisory Officer may conduct teacher performance appraisals. Where a principal determines that a teacher appraisal will be more appropriately handled by a Supervisory Officer, upon consultation with all parties, the teacher appraisal or part of it may be carried out by a Supervisory Officer.

Without prejudice to any position of the Board, the Board agrees it will not evaluate the Teacher's voluntary activities as part of the performance appraisals conducted pursuant to the Education Act.

Where a teacher is assigned to more than one school, the school in which the teacher spends most classroom time will be the school in which the teacher's performance appraisal is conducted. If the assignment times are equivalent, the decision with respect to the location of the appraisal will be determined in consultation among the teacher and the principals of the schools involved. It is expected that, in this instance, a mutually agreeable location (school) would be selected. Where the teacher and the principal cannot agree, a decision will be made by a Supervisory Officer after consultation with the parties involved.

A plan listing those eligible for performance appraisal shall be developed by principals and submitted to the Supervisory Officer assigned to the school, by September 15th of each school year. Notification that they are in an evaluation year must be given in writing to the teachers being evaluated within 20 school days after the teacher began teaching in that year.

The principal must consider all 16 competencies in assessing the experienced teacher's performance; meet with the teacher in preparation for the classroom observation; conduct a classroom observation to appraise the experienced teacher's performance; and meet with the experienced teacher after the classroom observation to review the results of the classroom observation. As well, the Board accepts the competencies developed by the Institute for Catholic Education (Appendix D) as provided and no additional competencies will be added at this time.

The principal must recommend professional growth goals and strategies for the teacher to take into account in developing his or her Annual Learning Plan as part of the post-observation meeting. The principal must prepare a summative report of the performance appraisal that contains comments regarding the competencies; an overall rating as well as recommendations for professional growth goals for consideration as part of the Annual Learning Plan.

Within 20 school days of the classroom observation, the principal must provide the teacher with a copy of the summative report.

A teacher who is teaching a minimum of half a school year shall be subject to the full requirements of this policy.

Every teacher must develop and submit an Annual Learning Plan (ALP) to the principal of the school (Appendix D). The ALP is teacher authored and directed and is developed in a consultative and collaborative manner with the principal. This plan will contain the area(s) of professional growth, strategies and timelines for achieving the stated objectives. If it is not an evaluation year for the teacher, the principal will review the ALP and communicate with the teacher at least by the conclusion of the plan. If the year is scheduled as an evaluation year for the teacher, the ALP will form part of the performance appraisal process.

Copies of Summative Reports and the current Annual Learning Plan of teachers in their evaluation year, will be filed with the appropriate Supervisory Officer by June 30th. These will be kept on file at the board office for at least six (6) years from the date of each report.

When an unsatisfactory rating is determined, the principal shall inform the appropriate Supervisory Officer, provide all required documentation, and consult with the Supervisory Officer as required. Should a teacher receive an unsatisfactory performance appraisal, the Board will advise the teacher in writing. The board will also advise the OECTA Unit President in writing of all unsatisfactory performance appraisals, however, failure to do so will not invalidate the appraisal.

Where the performance of a teacher has resulted in an unsatisfactory rating, the principal shall conduct a second performance appraisal within 60 school days of giving notice to the teacher of an unsatisfactory rating. The interval between the notification of an unsatisfactory rating and the second performance appraisal shall be at the discretion of the principal. In exercising his or her discretion, the principal shall balance the desirability of giving the teacher a reasonable opportunity to improve his or her performance against the interests of the pupils in receiving quality education.

Following a second unsatisfactory rating the principal will notify the teacher in writing, follow the duties of principal as outlined in Section 10.22 (Technical Requirements Manual, 2009, Performance Appraisal of Experienced Teachers), and place the teacher on >review status=.

If the principal, in consultation with the Supervisory Officer, determines that the delay necessitated by conducting a further performance appraisal is not in the best interests of pupils in receiving quality education, a joint recommendation for immediate termination of the teacher's employment with the Board, will be made by the principal, to the Board of Trustees.

While the Board is in the process of considering terminating the employment of the teacher, the teacher will be suspended with pay or reassigned until the decision is made.

Should a teacher's employment with the Board be terminated due to unsatisfactory performance, or should a teacher resign while on review status, the Director of Education as the Secretary of the Board shall file a complaint with the Ontario College of Teachers as required.

The Board will work with the teacher federation to deal with the differences that may arise between the Board and its teachers with respect to the implementation of the performance appraisal system.

The Board will exercise its responsibilities regarding the exchange of performance appraisal documentation with other Boards for prospective and past employees as required.

SUPERIOR NORTH CATHOLIC District School Board

Annual Learning Plan (ALP)

The purpose of the Annual Learning Plan (ALP) is to provide a meaningful vehicle to support experienced teachers' professional learning and growth in the evaluation year and for the inter-vening years between appraisals. The ALP is teacher authored and directed, and is developed in a consultative and collaborative manner with the principal.

ALP Requirements

- Experienced teachers are required to have an ALP each year that includes their professional growth goals, as well as their proposed action plan with timelines for achieving those goals.
- Teachers who move from the new teacher's appraisal process to the experienced teacher's appraisal process must develop an ALP in their first year as an experienced teacher.
- Each year, teachers are required to consult with their principal to review and update, as necessary, their ALP. This review and update must take into account the teacher's learning and growth over the year, as well as the professional growth goals and strategies recommended through the summative report of the teacher's most recent performance appraisal.
- In an evaluation year, teachers must review and update their ALP in a meeting with their principal as part of the performance appraisal process. The pre-observation and post observation meetings provide opportunities for this review and update to take place.
- In the non-evaluation years, a meeting is not required but is recommended. If at any time during these years the teacher or principal requests a meeting to discuss the ALP, then a meeting shall take place.
- The teacher and the principal must both sign the teacher's ALP each year and retain a copy for their records. Under certain circumstances, the duties of the principal as outlined above may be delegated to a vice-principal in the same school or to an appropriate supervisory officer (refer to section 6, "Scheduling Requirements").

Growth Goals and Strategies

- The growth goals and strategies identified by the teacher should be relevant to his or her professional needs and focus on improving his or her teaching practice and student learning.
- Growth-oriented professional dialogue between the teacher and principal can help identify the growth goals and strategies for the teacher's continuous learning and development to include in his or her ALP.
- Parent and student input can also help inform the teacher's ongoing professional learning and teaching practice.

Log of Teaching Practice

Suggestions for Using the Log of Teaching Practice

How is the Log of Teaching Practice used?

A Log of Teaching Practice is an optional resource for principals and/or teachers that may be used as a regularly kept record of demonstrations of teaching. It can provide a vehicle for chronicling noteworthy examples of teaching and learning events as they occur. The log is limited in its focus and is highly structured, using a standardized format for recording. Entries are restricted to facts so that data are objective. Analysis and interpretation follow the collection of log data.

How can the Log of Teaching Practice be used in the performance appraisal process for experienced teachers?

The log can be used to record selected information about specific occurrences related to an experienced teacher's learning and development in relation to the 16 competencies that form the basis of the performance appraisal process for experienced teachers. The log provides specific information recorded over time, which the principal and teacher can use to identify patterns that show areas of strength and growth. When kept simultaneously by both the principal and the teacher, the principal and teacher logs together can be used to encourage personal reflection, promote professional dialogue, and foster learning from experience. Note that there is an individual log form provided for each of the 16 competencies. Principals and teachers may use the blank log form for other competencies if they wish.

Who maintains the Log of Teaching Practice?

Principals and teachers may keep their own individual logs.

What occurrences are relevant for recording in the Log of Teaching Practice?

The occurrences or instances that could be recorded in the log should be relevant to the 16 competencies that form the basis of the performance appraisal process. Principals and teachers may also choose to keep logs for other competency areas. Concrete examples of ways that a competency may be observed in practice are included on the log form as a resource. These statements are samples and do not include everything that constitutes good teaching. Their purpose is to help make specific the skills, knowledge, and attitudes expected of experienced teachers. Principals and teachers may use these examples and others they identify to develop a shared understanding of what teachers should demonstrate in their teaching.

What sources and kinds of evidence are used?

A wide range of possible evidence can be collected in relation to demonstrations of teaching. "Possible Kinds and Sources of Evidence", included as a resource at the end of this appendix, provides a list of evidence that principals and teachers might reference in their individual Log of Teaching Practice.

Guiding Principles

Teacher performance appraisal in a Catholic school system:

- Values teachers as professionals and respects their knowledge and expertise.
- Provides fair, effective and consistent appraisal of professional practice in the Catholic educational setting.
- Reflects Catholic teaching including the principles of Catholic Social Justice.
- Enhances professional practice to improve student learning and formation.
- Ensures effective delivery of the Ontario Catholic Curriculum program.
- Provides and supports opportunities for professional growth and faith development.
- Recognizes that personal faith is not subject to evaluation in a teacher's performance appraisal.
- Recognizes a communal responsibility for the formation of effective teachers in a Catholic school system.

Operating Parameters

The parameters that govern the application of teacher performance appraisal in a Catholic school system include:

- The Ministry's domains, competencies and indicators.
- 16 areas of competency for appraisal in which indicators are examples.
- The summative report which provides a rating that incorporates all of the areas of competency.
- Indicators that apply to the professional activities of the teacher in Catholic educational settings.
- A statement of professional expectations which serves as a point of reference that orients the Ministry performance appraisal model to the Catholic character of education in schools.

Statement of Professional Expectations

The statement of professional expectations is the context within which teacher performance appraisal is conducted in a Catholic school system. It serves as a point of reference that orients the Ministry Teacher Performance Appraisal Model to the Catholic character of education in schools.

The Catholic school is a Catholic faith-based educational community that intentionally aims to form learners into educated well-developed persons, good citizens and faithful disciples of Christ.

The Catholic educational community believes the learner will realize the fullness of humanity if learning takes place in an appropriate and challenging environment in which members of school communities emulate the life and teachings of Jesus Christ.

Likewise, the Catholic educational community believes that to enable learners to achieve this vision, a school's faith community will reflect the centrality of Jesus Christ in our lives and the teachings of the Catholic Church.

Teaching in a Catholic school, therefore, is a vocation that calls for knowledge and understanding of Catholic beliefs, traditions, and practices. It calls for a commitment to demonstrate gospel values and teach these values to students.

To these ends, the teacher contributes to the Catholic character of the educational setting through professional practice by:

- | | | |
|---|----|--|
