

Policy: Crisis Response Manual

The Superior North Catholic District School Board will adopt a comprehensive crisis response manual for the Board and for each school in the system, consisting of the following:

- School Crisis Response Incident Planning
- Threat Response
- Critical Incident Plan
- Crisis Intervention Plan

The Superior North Catholic District School Board has a commitment and responsibility to ensure the safety of all students and staff inside Board buildings and on Board property. The possibility of a major violent incident is a reality of today's society. These policies and procedures provide direct support to our schools in the management of a crisis situation. These supports have been developed through consultation with the Ontario Provincial Police.

This policy will provide the support action in a manner that is consistent with Superior North Catholic District School Board's Mission, Vision and Values Statement, while respecting the increasing diversity of our community.

The manual must be complete, accessible and reviewed before classes begin.
