

Administrative Procedure: Principal Leadership Incentive

- Teachers who indicate their willingness to develop their leadership qualities to work towards the attainment of Principal qualifications, shall receive support from the Board's Aspiring Leaders Program.
- Participation in this program will include the development of a Growth Plan.
- Aspects of the Growth Plan will be enhanced by skill development through the provision of opportunities for job shadowing, mentoring and completion of projects in collaboration with practicing Principals.
- Professional development opportunities such as attendance at conferences and workshops as well as financial assistance toward the attainment of Principal Qualifications, may be provided through Board Leadership Development Strategy funding.
