

Policy: Home Schooling Non-Medical

Policy Statement

The Superior North Catholic District School Board recognizes the right of parents to educate their children at home or elsewhere, in a satisfactory manner.

Policy/Program Memorandum No. 131 outlines the responsibility of the parents and the Board, where a decision has been made to home school.

In conjunction with the parish priest in each community, the Board commits to providing leadership and support to these parents, through administrators and staff in our schools, as we work as partners in Catholic Education.
