

Policy: Administration of Medication

Policy Statement

It is the policy of the Superior North Catholic District School Board that no school-aged child should be denied access to education because of special health support needs during school hours.

In order to ensure the safety of students with life threatening allergies, and in accordance with Sabrina's Law, 2005 (Appendix A), the Superior North Catholic District School Board will implement appropriate strategies to reduce the risk of exposure to anaphylactic causative agents for anaphylactic students and will develop individualized plans for anaphylactic students to provide immediate response in the event of an emergency.
