

We are thrilled to welcome

Mr. Barry Biggs

as our new

Plant and Field Services Manager

Superior North Catholic District School Board

welcomes **Mr. Barry Biggs** as our new **Plant and Field Services Manager**.

Mr. Barry Biggs has a diploma in Mechanical Engineering Technology and his work experience has given him a practical skill set, with an emphasis on safety, budgets and more importantly, timelines and schedules. His varied senior management background has provided him with the opportunity to supervise diverse onsite and offsite projects; this included bidding and winning high dollar value contracts worldwide.

Mr. Barry Biggs comes with over a decade of project management experience which involved the development of request for proposals project bidding, awarding of contracts, project delivery and execution. He brings an extensive background in capital planning, preventive maintenance and has a great deal of knowledge in life

cycle costing and using the approach of total cost of ownership while developing capital and operating budgets.

Mr. Barry Biggs has a strong background of successfully working with contractors, skilled trades and suppliers and he understands the importance of creating a collaborative working partnership, whereby ensuring successful outcomes and on-time delivery. At his previous job, he was the management representative for the Plant's Health and Safety Committee for over fifteen years and very adept in all areas of building including plumbing, electrical, mechanical, roofing, concrete and carpentry as well as a solid knowledge of the building code.

Mr. Biggs is very thrilled to be joining our Superior North Catholic District School Board Family!

Congratulations Barry and Welcome to SNCDSB!

"Together We Educate, Heart, Mind and Soul."
